

YOUR SAFETY IS OUR TOP PRIORITY

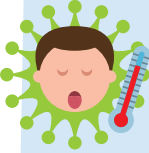

We want your visit with us to be really enjoyable, but above all, as safe as possible. That's why we've introduced a number of measures to help keep you and our team safe.

BEFORE YOU ARRIVE

General visitors, including gift ticket holders and members, need to pick a time slot and **book your tickets online**. Please **do not arrive without an online booking**.

We have removed the limit on the number of guests you can book for.

If you're experiencing any symptoms of COVID-19, however mild, for everyone's benefit, **please stay home** and only visit us when you're feeling better

To make the most of your visit with us, download our **handy companion app** from the App Store

Check our website and social media pages before you visit for the most up-to-date information (**not to mention great at-home content!**)

We still recommend to check in on arrival using the NHS app

WHEN YOU ARRIVE

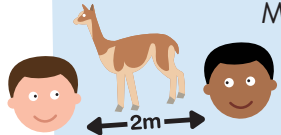

Please only arrive **no earlier than 15 minutes before** your allotted time slot

At our arrival kiosks, you'll see we've installed **new hygiene screens**. Because of this, you'll be asked to read out your **booking reference number**, so have this to hand.

Members will need to bring their **valid membership cards** with them on arrival.

We still **encourage social distancing**, please be respectful to our other guests and staff

Use our **one-way systems** when indicated.

Use our **hygiene stations** to sanitise your hands.

Practice great hygiene standards at all times, including regular hand washing and frequent use of hand sanitiser and catching any coughs or sneezes in your elbow

YOUR SAFETY IS OUR TOP PRIORITY

WHAT WE'RE DOING TO KEEP YOU SAFE

We are still managing the number of guests on site through arrival time slots, **please check our Safari Drive last entry times and park closing times** before you book.

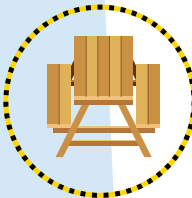

If you take a drive through our Baboon Jungle, we are **unable to return any car parts** that our cheeky baboons may take. The car friendly route is available as always.

We will continue to maintain a high level of cleanliness in our toilets so **queues may be a little longer** than usual.

Our restaurant and coffee shop will be open and visitors will be **required to queue outside**. Please find a seat first and we request only one member goes to the till to order.

Outdoor food outlets will be open for takeaway food, including our new pizza/loaded fries and dessert kiosk, BBQ and ice cream parlour.

Please pay by **contactless cards** wherever possible.

Rides will continue to **run at a reduced capacity** with **sanitising** taking place frequently. This may lengthen queuing times so please be patient.

We've introduced enhanced cleaning measures across the safari, throughout the day, which seek to disinfect high-frequency touchpoints.

You'll see our **team members wearing a range of Personal Protective Equipment (PPE)**, including face masks, disposable gloves and eye protection -- this is for both their safety and yours

All of our team members are taking part in COVID-19 specific training programmes to help them keep themselves and you as safe as possible.

Our Sea Lion display and Bird of Prey display **will run with reduced capacity** and we recommend guests still wear a face covering inside the buildings.

From 19th July face masks will no longer be required by law and it is a personal choice to wear one.

We do recommend that a face covering is worn inside any of our buildings including the toilets.

Thank you for your cooperation.
